EDWARDS TAKEN TO WEWOKA

EXPECTED THAT COURT OF APPEALS WILL PASS ON HIS CASE TODAY.

This morning on order of Judge McKeown, Frank Edwards, under death sentence for the murder of Wm. Gray, was taken to Wewoka where he will be hanged on the 20th, unless the court of appeals reverses the case or the governor intercedes.

It is probable that the court will act on the case today, and then the matter will be in the hands of the governor. There has been no little speculation concerning his course in the matter. Many argue that he will undoubtedly extend clemency to the condemned man, commuting his sentence to life imprisonment, he having declared his aversion to the infliction of capital punishment when he commuted the sentence of the negro at Oklahoma City.

Edwards was taken to Wewoka in charge of Sheriff Mitchell and Deputies Cal Bolin and Bob Duncan. He was a miserable looking specimen of humanity as he boarded the train, and has apparently suffered great mental agony while in jail.

The News is informed that Sheriff Twinn of Seminole county who will be in charge of the execution, in case Edwards hangs, made arrangements with a Holdenville carpenter, who has had experience in constructing scaffolds, to begin work today or tomorrow on the one from which Edwards will be hanged.

WRESTLE WITH THE HOG LAW

City Fathers Unable to Agree on Disposition of Matter, and Refer It to City Attorney.

The hog has become the center of interest for the council meetings these days, and at the meeting of last evening it developed that the council is evenly divided on the question of repealing the present ordinance forbidding the keeping of hogs within the city limits. The city fathers were good humored in the remarks, however, and the discussions were marked by the utmost good nature all around. The matter first came up on a motion to suspend the rules and pass the repealing ordinance with emergency clause attached. The motion was lost on a tie vote, Lasater, Clark, Floyd and Ellison voting aye, and Timberlake, Ebey, Ratliff and Wymore voting in the negative. Later Wymore offered a motion calling an election on the question, but Ratliff offered a substitute referring the whole matter to the city attorney. It was adopted, thus virtually pigeon holing the repeal measure for the present.

The city engineer was instructed to employ men and prepare to test the Byrd's Mill line. The city attorney was instructed to notify Mr. Johnson and the bonding company that the city has taken over the line because of its abandonment by the contractor, and that Goodwin & Harper be advised of the city's action and requested to take such steps as are necessary to protect the interests of the city.

The increasing importance of the waterworks and sewer systems made necessary the appointment of a plumbing committee. Mayor Chapman appointed Ebey, Wymore and Ratliff. W. T. Chambers was allowed an additional \$8.75 for right of way for pipe line across his place.

The ordinance increasing the salaries of the policemen \$5 per month was passed with the emergency attached. The street committee was instructed to have the pavement around the fountain repaired, it having suffered considerably from the effects of the water and from the hoofs of the horses watered there.

A resolution was adopted asking the Katy to open crossings on 10th, 14th, 16th and 17th streets.

A petition was received protesting against the passage of the occupation tax ordinance. Referred to committee.

FEDERATION OF WOMEN'S CLUBS TO MEET AT CHICKASHA

Chickasha, Okla., Oct. 10.—The official call for the third annual convention of the Oklahoma State Federation of Women's Clubs, to be held in Chickasha, Nov. 7, 8, 9 and 10, has been issued by the officers and has been received by the clubs in this city. Each club and city federation is entitled to send two delegates for 50 members or less and an additional

Killing Near Ardmore.

Ardmore, Okla., Oct. 9.—The remains of Jasper Maupin were found near his home west of here late Saturday night with a bullet hole clear through the body in the region of his heart. He was a farmer 28 years old and was married. An inquest was held and Bob Austin, Foster Bowers, Lee Atkinson and Beader Wade were placed under arrest. The county attorney and the sheriff conducted the inquiry Sunday night and all were released except Foster Bowers.

Maupin was found about seventy yards from his home. His own pistol lay near with one chamber empty and there is some reason to believe that it was a case of self-destruction. The officers have investigated the case as thoroughly as possible. Bowers and others were near the home of Maupin Saturday morning drinking when Maupin asked them to move further from his home and some words were passed between him and Bowers.

Later in the day Bowers and Bob Austin returned to Maupin's home and Bowers is alleged to have told Maupin this was a free country and promised to see him later. Bowers stated he returned to apologize and that he had no ill feeling against Maupin.

RAILROAD HEAD MEETS STRIKERS

Jackson, Miss., Oct. 9.—Accepting the first invitation extended from strikers, representing individual unions, President C. H. Markham, of the Illinois Central railroad reached here today for a conference with former employees of the system.

President Markham was accompanied by Assistant General Counsel C. L. Siveley and was met by Superintendent F. H. Hill, of the Louisiana division and Messrs. Mayes and Longstreet, district counsel.

Before leaving his private car, President Markham was made acquainted with the local situation and a thorough understanding reached that he was not expected to confer with a federation of unions but merely the representatives of local labor organizations, a goodly number of whom are ready to return to work if proper assurances are given.

Prior to the gathering in Governor Noel's office, the representatives of local unions held a conference with Mayor Crowder, who offered the original suggestion for a meeting between railway officials, state and local organizations. The meeting at the governor's office was not convened until 11 o'clock.

While enroute to Jackson, President Markham received a telegram stating that fifty employees of the Illinois Central at Mounds, Ill., returned to work this morning. He stated that the situation at all points on the system has shown decided improvement during the past 48 hours.

President Markham was accompanied to the state house by Counsel Siveley, District Counsel Hayes and Longstreet and Superintendent Hill. At the request of the strikers, United States Senator John Sharp Williams consented to act as their spokesman.

Each of the local federated unions was represented by some member of the union or a citizen of Jackson friendly to their cause.

The conference was held behind closed doors.

Colquitt Suggests Plain.

Austin, Tex., Oct. 10.—Suggesting that the depreciation in the price of cotton is not justified by the supply and suggesting that a conference between governors and commissioners of agriculture of southern states with a view to preventing price depreciation Governor Colquitt today sent a telegram to governors of southern states suggesting the plan.

Governor Colquitt believes he says that Texas as the chief cotton producing state should take the lead in the matter.

STOVES SMITH'S 203-5 W. Main St.

FORMER MILLIONAIRE IN BANKRUPT COURT

Muskogee, Ok., Oct. 10.—W. H. Roeser, a Tulsa oil man, generally credited as a millionaire and who "cleaned up" \$500,000 when the Glenn oil pool was brought in, today filed a petition of voluntary bankruptcy in the United States court at Muskogee.

Roeser schedules his liabilities at \$96,271.73 and his assets at \$30,175. of the assets \$30,000 is listed as stock in the defunct Oklahoma Trust Company of Muskogee. The stock is held by J. R. Sharp as security on a loan for that amount. Other assets are small blocks of stock in the Tulsa Cottage and Hotel company at Monte Ne, Ark., the Tulsa County Club and the Tulsa Amusement Company. With the assets is given an insurance policy for \$2,500 borrowed upon to the full amount.

The liabilities labeled "secured" are notes given by Roeser to the Oklahoma Trust Company for \$7,000; notes given to the Alamo bank of Muskogee also a defunct corporation, aggregating \$10,000; and notes given by Roeser to the Central National bank of Bartlesville, another defunct institution for \$18,000.

Roeser was known as a plunger and spent money with a lavish hand. After he struck it rich in the oil field he bought the finest house in Tulsa and spent \$80,000 remodeling and fitting it up. He had blue grass sod for the lawn shipped from Kentucky and had heavy iron lighting posts sent from Pittsburgh by express.

He and his family went to Canada to spend a summer and he had his five automobiles shipped there in a special car. During a motor meet in Tulsa he ordered a \$4,500 racing car by wire and had it shipped by express. He entered the race and was beaten by a machine, regarded as inferior. Stepping from his racer after the defeat, he sold it for \$1,000.

He was a "fixer" and known all over the Oklahoma oil district. In some sections he had been dubbed the "Death Valley Scott" of Oklahoma. He was a "good fellow," Roeser is only 35 years of age. He declares he will pay out dollar for dollar, and his friends believe he eventually will "come back" as his lucky strike here was his second climb to wealth in the oil business in Oklahoma. He made a fortune in the Cleveland field, and spent it.

To Finance a New Railroad.

Oklahoma City, Oct. 10.—A party of business men from Davis, headed by C. C. Caldwell, cashier of the Merchants & Planters' bank and Charles Hutchins, cashier of the First National bank, was here Monday to look after the financing of the new railroad which it is proposed to build from Davis to the new lead and zinc field in the heart of the Arbuckle mountains. Most of the grade needed for the proposed road has already been built, having been constructed shortly before statehood and abandoned like various other projects with the adoption of the constitution. The Davis people believe that the future of the lead and zinc field is now sufficiently assured, however, so that there will be little difficulty experienced in completing such a road.

A Moonlight Picnic.

Last evening Miss Kate Knight's Sunday school class enjoyed a hay ride and moonlight picnic, the ride being to a point near the long trestle on the Katy east of town. After arriving at their destination, the class prepared and disposed of a fine oyster stew.

Editorial Office, No.

Any erroneous reflection on the
 character, standing or reputation of
 any person, firm or corporation which
 may appear in the columns of the
 News will be gladly corrected upon
 its being brought to the attention of
 the management.

Obituaries and Resolutions of Res-
 pect of less than 100 words will be
 published free. For all matter in
 excess of 100 words a charge of one
 cent per word will be made. Count
 your words and remit with manu-
 script.

NOTICE TO THE PUBLIC.
 For the convenience of the
 public, the Evening News will
 hereafter be on sale at the Post-
 office News stand for the small
 sum of 2c. The same rate will
 prevail at the News office. This
 is less than the actual cost of
 the paper, and it is impossible to
 make the price any lower. The
 publishers would like to give it
 away, but every paper costs mon-
 ey to print, and if it is worth
 reading at all, the News is cer-
 tainly worth the small sum ask-
 ed for it.

REV. T. L. RIPPEY WILL MOVE TO MONTANA

Rev. T. L. Rippey, who was pastor
 of the Methodist church of Ada for
 four years, was in town a few hours
 this morning on business matters. He
 informed the News that he is prepar-
 ing to move to Montana in a week or
 two because of the condition of Mrs.
 Rippey's health. She has been in that
 state for sometime, and the physi-
 cians forbid her returning to Oklaho-
 ma for the present.

Swede Invents Destructive Rifle.

London, Oct. 19.—A Swede named
 Svenson claims to have invented a
 new automatic rifle which may do
 away with machine guns on the field
 of battle, while the ordinary infan-
 try soldier, armed with this weapon,
 would become much more formidable
 than he is with the present equip-
 ment.

The new invention has not only
 been applied to rifles, but to fowling
 pieces and other rifles. As regards
 rifles, Mr. Svenson has invented two
 kinds of appliances, one of which can
 be used as an ordinary rifle and an-
 other as a machine gun. Mr. Svenson
 claims that his weapon can at will
 be made to perform both functions
 without its weight in any way being
 increased. It can be loaded either at
 the breech or underneath by insert-
 ing the cartridge magazine.

A company of infantry, equipped
 with the new rifle and forming a front
 of fifteen paces, can fire, it is said,
 seventy shots per second, or if fitted
 with a larger magazine, 240 to 250
 shots in three seconds. A battery of
 machine guns, consisting of four
 pieces served by sixteen men, with
 their commanding officers, would oc-
 cupy a front of fifteen paces and fire

PONTOTOC COUNTY ABSTRACT CO.

Our ABSTRACTS OF TITLE are accepted throughout the United
 States, by the most scrutinizing title examiners; our word is as good as
 our bond; we are known for our accuracy and reliability; our reputation
 for safe, accurate and reliable service is well established; our honor and
 integrity is not in question.

Our Motto: **HONESTY IS THE BEST POLICY**, is carried out by us.
 We use the CAMERAGRAPH and photograph the records; no copy is
 as perfect as a photo-copy, an error by it, is impossible. Come and see it
 work.

Our service is **PROMPT, ACCURATE and RELIABLE**, and the benefit
 of our long experience is yours without cost; we know your good welfare
 is our own. There is but one time to protect yourself against a bad title
 —that is before you buy it and pay your hard earnings for it.

The people we serve most are friends we have protected and satisfied
 through honest effort; we never lose a friend and we desire that you be
 one.

WRITE US, PHONE 133, OR CALL ON US: OFFICE REAR FIRST NA-
 TIONAL BANK BUILDING.

under the same conditions only thirty-
 two to ninety five shots respective-
 ly in the same space of time.

In addition to this, machine guns
 are difficult to transport, or to place
 in position, or to hide from the en-
 emy, which is not the case with the
 rifle of the Svenson type.

The new weapon is about the same
 weight as the Mauser rifle, and has
 the same kind of barrel, but its entire
 length is five centimeters shorter. An-
 other advantage it is simplicity of con-
 struction, possessing as it does, only
 seventeen movable parts, including the
 spiral springs.

West Wants Cases Advanced.

Washington, Oct. 19.—Attorney Gen-
 eral West of Oklahoma appeared be-
 fore the Supreme Court today and
 filed a motion to advance three Okla-
 homa land tax cases from the Choc-
 taw Nation; also to advance the case
 of Meyer vs. Wells-Fargo Express
 company involving the constitutional-
 ity of the Oklahoma gross revenue
 law, and the case of Harrison vs. the
 St. Louis and San Francisco Railroad,
 involving the constitutionality of the
 Oklahoma law seeking to force for-
 eign corporations operating in Okla-
 homa to have their sole domicile in
 Oklahoma.

Solicitor Lehman of the department
 of justice asked that the Moses Whit-
 mire case involving the allotment of
 Cherokee land to 1,500 negroes, be
 advanced.

While these proceedings were being
 held in the supreme court Judge Bern-
 ard of the Court of Appeals of the
 District of Columbia was hearing ar-
 gument as to whether children of the
 Cherokee nation born after Septem-
 ber, 1902, shall be included in the
 distribution of land and money, in ac-
 cordance with an act of congress.

The litigation involving the claim
 of the Cherokee children was insti-
 tuted by Levi B. Gritts and others,
 who sought an injunction to prevent
 the payment of money to heirs born
 after September, 1902, about 5,600 in
 number. An injunction was denied,
 and an appeal was taken by the plain-
 tiffs, who represent about 36,000 In-
 dians.

Guthrie Banks Pay Assessment.

Guthrie, Ok., Oct. 19.—With the un-
 derstanding and belief that Gov. Lee
 Cruce will enforce a proper adminis-
 tration of the bank deposit guarantee
 fund it was agreed tonight by the
 State bankers of Guthrie representing
 the Oklahoma State, Logan county
 and Guthrie Savings Banks that they
 will pay immediately the guarantee
 fund assessments that they owe.

This decision followed a conference
 with their attorneys during the after-
 noon. The total payment of the three
 banks amounts to something like \$15,-
 000, or 1 per cent of their average
 daily deposits last March. The banks
 have protested the payment on the
 grounds that a detailed statement of
 the fund had been refused them and
 that a special assessment for the
 funds could be made only to recuper-
 ate the funds when banks failed.

The special 1 per cent assessment
 was made last spring and all four
 Guthrie state banks refused to pay on
 the grounds given. Then the Bank of
 Indian Territory secured an injunc-
 tion against interference by the state
 after an attempt was made by the
 banking board to force that concern
 to pay the guarantee assessment. Lat-
 er, however, the Bank of Indian Ter-
 ritory compromised with the state be-
 ing allowed some credits on the pay-
 ment. The Guthrie banks, it develops
 have stood alone in protesting the
 guaranty fund payment and against
 its use to bolster up weak banks.

Francis Items.

Dr. Richey has had a force of car-
 penters at work on the interior of his
 hotel building.

L. C. Oliver brought to the Francis
 bank a large lump of asphalt
 found on one of his farms. Mr. Oliver
 says he has a large quantity of the
 material, and will soon begin to de-
 velop it.

Grandpa Williams, an old gentle-
 man, who came from Illinois about
 three months ago, died Sunday.

A number of citizens, of Francis
 were in Ada Tuesday attending the
 Craig-Ballew case in county court.

HOW TO TREAT OLD SORES

*The proper way—the only suc-
 cessful way—to treat an old sore
 is to destroy its source. Not by
 dangerous surgical operations or
 irritating, "drawing" plasters, but
 by Nature's true method of purify-
 ing the blood and filling the circula-
 tion with rich, nourishing prop-
 erties; then the cure will be natural
 and lasting. We can easily under-
 stand how impurities in the blood
 will infect some weak point on our
 bodies, and by continually dis-
 charging impurities into it keep the
 place open and inflamed until a
 chronic ulcer is formed. Nothing
 then is so sure to produce a cure
 of these old sores as S. S. S. This
 medicine is Nature's perfect blood
 remedy, composed of the most heal-
 ing and at the same time the most
 penetrating and blood-purifying
 properties. It removes every par-
 ticle of impurity or morbid matter
 from the circulation, and assists
 nature in the increasing of healthful,
 nutritious, corpuscles in the blood.
 S. S. S. makes pure blood, and pure
 blood is Nature's unfailing cure for
 old sores. Every sufferer with an old
 sore should use S. S. S., because it
 is the remedy they most need. Book
 on Sores and Ulcers and medical ad-
 vice free. S. S. S. is sold at drug stores.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur, A
 Harmless Remedy That Makes
 the Hair Grow.

What a pity it is to observe so many
 people with thin and faded hair and
 then realize that the most of these
 people might have a fine, healthy head
 of hair if they would but use the sim-
 ple "sage tea" of our grandmothers,
 combined with other ingredients for
 restoring and preserving the hair. No
 one, young or old, need have gray
 hair, weak, thin or falling hair, dand
 ruff or any trouble of the sort if they
 would but use Wyeth's Sage and Sul-
 phur Hair Remedy. On the contrary,
 it is possible to have healthy, vigor-
 ous hair, of perfect color, by a few
 applications of this remarkable prepa-
 ration.

Wyeth's Sage and Sulphur Hair
 Remedy quickly removes dandruff,
 leaves the scalp clean and healthy,
 promotes the growth of the hair and
 restores the natural color of the hair
 which has become faded or gray. It
 is a clean, wholesome dressing, which
 may be used at any time and with
 perfect safety. Don't neglect your hair
 Start today with Wyeth's Sage and
 Sulphur.

This preparation is offered to the
 public at fifty cents a bottle, and is
 recommended and sold by all drug-
 gists.

WHAT WILL YOUR BOY DO?

Very many of our boys do not real-
 ize their fitness for any particular vo-
 cation and need to be helped to know
 themselves. This is a serious matter
 to the boy and to some parents. We
 approve most heartily of placing the
 boy in contact with men who do
 things and surround him with a var-
 ied working atmosphere and so lead
 him to discover his own powers. The
 courses in manual training given in
 some schools assure this result. The
 Winter Short Course provided by the
 A. & M. College at Stillwater brings
 the boy to know his own powers, ca-
 pacity and aptitude. If the boy de-
 lights in steam engines, he soon
 learns to run the traction engine or
 the gasoline motor and counts all of
 the time given to the study of such
 matter as so much recreation or play.
 If a lover of fine stock, the boy grows
 enthusiastic in his purpose to become
 a stock farmer. If of scientific mind,
 his thoughts are busy night and day
 with chemistry, physics or bacteri-
 ology, as he sees these subjects work-
 ed out in a College laboratory. Such
 a course of study is given by the
 State Institution at Stillwater begin-
 ning October 10th each year and con-
 tinuing for twenty weeks. It does not
 neglect the teaching of arithmetic and
 similar subjects.

Give the boy a chance to make a
 skilled man in some one of the many
 useful walks of life. Teach the boy
 to recognize his vocational place in
 the world. He must be taught to se-
 lect his work intelligently. Our girls
 also require this touch of vocational
 training. Industrial education is a
 mark of progress and elightment of
 which Oklahoma may well be proud.

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning to
 Every Man and Woman.

The newspapers and medical jour-
 nals recently have had much to say re-
 lative to a famous millionaire's offer
 of a million dollars for a new stom-
 ach.

This great multi-millionaire was too
 busy to worry about the condition of
 his stomach. He allowed his dyspepsia
 to run from bad to worse until in the
 end it became incurable.

His misfortune serves as a warning
 to others.

Every one who suffers with dys-
 pepsia for a few years will give ev-
 erything he owns for a new stom-
 ach.

Dyspepsia is commonly caused by
 an abnormal state of the gastric juices
 or by lack of tone in the walls of the
 stomach. The result is that the stom-
 ach loses its power to digest food.

We are now able to supply certain
 missing elements—to help to restore
 to the gastric juices their digestive
 power, and to aid in making the
 stomach strong and well.

We know that Rexall Dyspepsia
 Tablets are a most dependable reme-
 dy for disordered stomachs, indiges-
 tion, and dyspepsia.

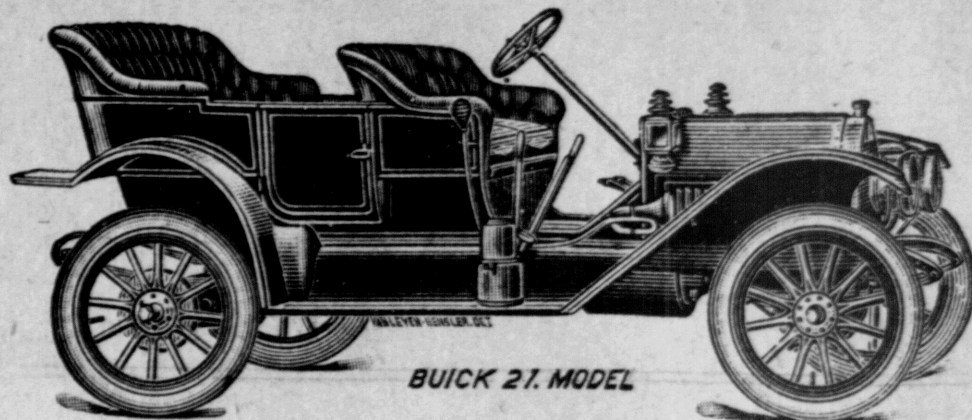

We want you to try them and will
 return your money if you are not
 more than satisfied with the result.

Three sizes, 25 cents, 50 cents, and
 \$1.00. Remember, you can obtain Rex-
 all Remedies in this community only
 at our store—The Rexall Store. The

MAJESTIC THEATRE

TONIGHT
VITAGRAPH DRAMA

TREASURE TROVE

A story rich in sentiment. Two maiden ladies of gentle birth are about to lose their ancestral home, with its rare antique furniture. A vision reveals to them a hidden treasure, and they save their home. Magnificently staged and acted by the Vitagraph's all star players.

GOMMY, THE CANVASSER

S. & A. comedy. A funny comedy of how a wise book agent worked Mr. and Mrs. Easy. See how he did it. It's a continuous laugh—the funniest comedy in months.

THE SPENDER FAMILY, COMEDY

They had no money, but plenty of nerve, and they had a gay time at the sea shore, but when they started for home their nerve didn't work. It's a Yell and a See Sam.

HON. HUGH M'COLLOCH

The first Comptroller of the Currency, addressed the banks in 1863 as follows:

"Do nothing to foster and encourage speculation. Give facilities only to prudent and legitimate transactions. Distribute your loans rather than concentrate them in a few hands. Treat your customers liberally, bearing in mind that a bank prospers as its customers prosper."

The above are fundamental principles on which this Bank conducts its business and history has proven them to be sound. If such banking methods appeal to you, we would like to have you join us.

We Never Make a Loan to Any Outside Party When One of Our Customers Can Use the Money.

First National Bank of Ada

P. A. NORRIS, President. M. D. TIMBERLAKE, Cashier.

Away with the Darning Basket

A well known mother wrote us recently:

"I call your store 'labor saving headquarters' since you induced me to buy

Wunderhose

I bought them first for my son; next for his sister; then I bought a box for my husband, and now I am wearing them myself. They save me money, time and patience and are so comfortable and stylish that I am grateful to you for recommending them to me and my entire family."

Mothers buy your boy a box of **Wunderhose**—that will be a good test. We have them in all sizes. If four pairs wear out in heel, toe or sole in four months you get new ones free.

Sold by **GUEST BROS.**

Applicant must be 15 years of age. The Agricultural and Mechanical College owns many large, brick buildings, valuable science and industrial equipment, and employs a large faculty. Send for Short Course catalog, describing the course in full.

J. H. CONNELL, President.

Frosts in Texas and Oklahoma.

Oklahoma City, Ok., Oct. 10.—Reports from farmers all over the state are to the effect that crops were damaged by a frost that fell Sunday night. Feed crops are said to be more injured than others. Cane and Kaffir corn fields, in some sections, were nipped black, and J. C. Goodweather, the observer for the section around Chickasha, reports the thermometer Monday morning standing at 32. Farmers along creeks and in the valleys report considerable damage.

Cotton men here declare the cotton greatly benefited by the frost aiding the bolls to open. Cotton men around Lawton declare that if the frost of

Sunday night is not followed by heavier cold soon the cotton will suffer, buds being slow in opening in that region.

Headaches

Impair Mental Faculties and should not be allowed to become chronic. Whether caused by heat or cold, stomach disorders or nervousness

Hicks'CAPUDINE

is the best remedy to take. It's liquid—effects immediate—pleasant to take. 10c, 25c and 50c at drug stores.

Make Your Store Advertising as Much a Fixed Feature of Every Issue of This Newspaper as Is Our Editorial Page

A "feature," or department, of a newspaper wins its readers a few at a time.

Out of thousands who "scan" and "glance at" a store's advertising in this issue, a few hundred will read ALL OF THAT STORE'S ADVERTISEMENT IN THE NEXT ISSUE. But, if that store's advertising does not APPEAR IN THE NEXT ISSUE, this process of winning regular readers is broken up.

It would be so with our Editorial Page. If it did not appear REGULARLY, it would forfeit the interest and attention of MOST OF ITS READERS. And the same would be true of our Local Page, and of other feature of the paper, which build up their circles of readers surely and steadily, issue by issue.

A store's advertising gets to be MOST EFFECTIVE after it has become a REGULAR FEATURE of the paper, gaining with EVERY ISSUE new "regular readers," AND HOLDING THOSE GAINED by making the store news really important to them.

**This Is the Law and "Secret" of
Store-Advertising Success--
ALL OF IT!**

NEARING THE 5,000 MARK

The yard receipts of cotton for the season now total 4,240 bales. The round bale gin has turned out 596, which being reckoned as half bales, makes 298, giving a grand total of 4,538 bales, or probably a trifle under half of what the receipts for the entire season will be.

The price has been about the same as yesterday, ranging from 9 to 9.20.

2:45 P. M.—Teacher's Training Work, discussed by Dr. Gilmore, Roff.

HUNG IN ADA

James W. Newman, District Manager of the Brotherhood of American Yeoman, accompanied by J. R. Wilkinson, Special Deputy, found a lady hung around her husband's neck, begging him to take a policy in the Yeomen.

THE BEAUTIFUL FEATURES OF THIS GRAND ORDER IS AS FOLLOWS:

Twenty Reasons Why You Should Join The Yeomen.

- On January 1, 1911, we were less than fourteen years old and had a total membership of 139,162.
- During 1910 we increased our membership 22,982.
- On January 1, 1911, we had a reserve fund of \$1,360,614.26.
- On January 1, 1911, we had paid in losses to members and their beneficiaries the sum of \$5,794,189.92.
- You don't have to die to win. One certificate covers all—death, total disability, accident, and old age disability.
- We begin paying off the certificate to the disabled aged at one-tenth each year when the member reaches his seventieth birthday.
- We give detailed publicity to our receipts and disbursements; send free to members each month a bright, newsy magazine.
- We have a graded and low rate of assessment, backed by a modern plan of insurance.
- We have a reserve plan which is most beneficial, just and inexpensive, guaranteeing permanency and future low cost.
- Yeoman reserve fund securities are deposited with the State of Iowa.
- Loans from reserve fund must be approved by the Auditor of the State of Iowa.
- We have a most rigid medical examination, taking no poor risks.
- We operate only in healthful territory.
- We prohibit dangerous occupations.
- We have a beautiful ritualistic service, based on that English classic, Ivanhoe.
- Yeoman everywhere practice the principals of the order—Wisdom, Charity and Protection.
- We unite both sexes in one grand order at the same rate of assessment.
- We have a low death rate.
- We have economical management.
- We have been weighed in the balance and found not wanting.

Our Reserve or Emergency Plan.

As a general thing life insurance charges are either too high or too low.

Old line rates are too high; ordinarily the rates of lodge insurance is too low.

The Yeomen furnishes an intermediate rate, and has a reserve plan which is equitable and fair. This reserve plan was devised to enable our Society to maintain a reasonably low rate and still give assurance of the perpetuity of the institution.

Under the old plan of assessment insurance yet

practiced by some fraternal, the beneficiary of the member who dies soon after joining receives his insurance for practically nothing.

When one man gets something for nothing, somebody else must pay double for the same thing. This is a law of mathematics and is as true as the multiplication table.

The Yeomen does not do business that way. We treat all alike. There are no special privileges to a few for which the other members must pay.

How We Help the Living—Accident.

Don't you know that accidents are constantly increasing? This strenuous life and age is the cause of this increase. Should you be unfortunate and meet with an accident, covered by your policy, the Yeomen Society comes to your aid when you need it most, and advances to you on your certificate the following cash benefits, less the proportionate amount of the expectancy deduction for the reserve fund.

Benefits Paid on Yeomen Certificates

Fifteen Claims for Benefits	Amount of Policy			
	\$ 500	\$1000	\$2000	\$3000
1 At death	\$ 500	\$1000	\$2000	\$3000
2 Loss of eye	125	250	500	750
